November 1, 1942

Gentlemen:

Enclosed find our fall and spring wholesale price list, effective as of November 1, 1942. Curtailment of tire production and gasoline rationing has compelled us to withdraw our salesmen from the road with the result that our prices are changed to F.O.B. Beverly, Mass., or Boston, Mass. It is our suggestion that upon receipt of this price list, you look same over and mail your order for anticipated requirements as soon as possible. Shipments can be made from January 1st on, or immediate shipment if you so desire.

In the past it has been the custom of the trade to order the bulk of their requirements during the months of April and May which, in normal times, has caused delay in shipping and receiving. This delay is unavoidable when shipping directions come to us practically all at once. Owing to present emergency conditions, which has effected transportation to a great extent, you will by ordering early eliminate unnecessary delay.

In regard to fertilizer as shown in our price list, we are unable as a manufacturer to book for future or immediate shipment any chemical fertilizer containing chemical nitrogen. This is in accordance with the War Production Board regulation M231 governing the manufacture and sale of chemical fertilizer containing chemical nitrogen and this applies to the formulas which we manufacture, with the result that our fertilizers are frozen which are on hand in our warehouse. However, this regulation does not cover our dealers who have fertilizer on hand up to November 15, 1942. It is our understanding that they may dispose of same. If in the future there is any change in the fertilizer situation, you will be promptly notified.

Thanking you for your past favors and soliciting your future business, we remain

Yours very truly

THOMAS W. EMERSON COMPANY

"THERE IS NO HALF-WAY TO THEIR GROWING QUALITIES"

WE GIVE NO WARRANTY, EXPRESS OR IMPLIED, AS TO DESCRIPTION, QUALITY, PRODUCTIVENESS, OR ANY OTHER MATTER OF ANY SEEDS WE SELL, AND WILL NOT BE IN ANY WAY RESPONSIBLE FOR THE CROP.
